

# The Golden Four

## 1. ORAL COMMUNICATION

Oral communication is an important aspect of every-day life. Students at Humboldt have the opportunity to develop effective oral communication skills.

## 2. WRITTEN COMMUNICATION

Written communication skill development is essential for success in future careers. Students at Humboldt have the opportunity to improve their writing skills.

## 3. MATHEMATICS/QUANTITATIVE REASONING

Mathematical literacy is vital to making informed decisions. Humboldt students will be able to apply mathematical concepts and quantitative reasoning to problems.

## 4. CRITICAL THINKING

We want students who graduate from Humboldt to leave here with well developed critical thinking skills as they move on to experience their next phase in life.
